

# PhD student application

## Gothenburg research school of health engineering

*The Gothenburg Research School of Health Engineering* is a joint graduate school between the Chalmers University of Technology (Chalmers), the Sahlgrenska Academy at the University of Gothenburg (SA/GU), and the Sahlgrenska University Hospital (SUH).

The graduate school educates PhD students at the frontier of health, healthcare, and technology, with a focus on finding solutions to specific health and medical problems where doctoral students and supervisors at Chalmers, SA/GU, and SUH collaborate on joint projects.

### PhD student information

| First name | Last name | University | (Institute and) Department | Email |
|------------|-----------|------------|----------------------------|-------|
|            |           |            |                            |       |

**(Planned) start of PhD studies:** Year, month, day

**Planned defense (semester and year or date if scheduled):** Semester/year or Year, month, day

### PhD student project description

|                        |               |
|------------------------|---------------|
| Title of PhD project:  |               |
| Aim:                   | 1-2 sentences |
| Method:                | 1-3 sentences |
| Goal/expected outcome: | 1-2 sentences |

### PhD student supervisory team with the first entry being the main supervisor

| First name | Last name | University | (Institute and) Department | Email |
|------------|-----------|------------|----------------------------|-------|
|            |           |            |                            |       |
|            |           |            |                            |       |
|            |           |            |                            |       |

Upon completion of this form, please email it to:

[malin.barman@chalmers.se](mailto:malin.barman@chalmers.se)

[jorg.hanrieder@neuro.gu.se](mailto:jorg.hanrieder@neuro.gu.se)

and include your supervisory team in cc.

Your application will be evaluated at the next GRHSE steering group meeting, which occur roughly every third month. You will be notified of the enrollment decision soon after that. Questions can be directed to the email addresses above.
